SKILLS

- C++
- Java
- Advanced Java
- MySQL
- DSA
- Python
- Machine Learning
- Embedded C

PROJECTS

- AI-Integrated Reservoir Management for Flood Prevention

Anadvancedreservoirmanagementsolution, seamlessly integrating IoT sensors, LoRa, and AI models (LSTM,XGBoost,RandomForest,GBM) Orchestrated a dynamic GIS dashboard with HTML,CSS,and JavaScript.

- Accident Detection and Alert System

An innovation app which can detect the accident based on the movement of accelerometer and send alert message to their family member.

EDUCATION

Sri Krishna College of Engineering and Technology

Bachelor of   Electronics and Communication Engineering

2022-2026
Grade: 8.18 CGPA
